

JARTS Splash™

INSTRUCTIONS

Ages: 8+

Players: 2-4

Contents:

- 4 floating darts (2 yellow and 2 red)
- 1 floating target ring with flags
- Mesh storage bag
- Instructions

Objective:

Be the first team to score 10 points by tossing the darts into the target ring.

Setup:

Attach the flags to the target ring. Place the target ring about 30 feet away from you in the pool. If your pool isn't that big, place the ring near the opposite edge of the pool from where you are, or get out of the pool and throw from the ground.

Game play:

Jarts Splash may be played with either two players or four players divided into two teams. Each player or team chooses a color of dart to use throughout the game. A game consists of a series of rounds. One round consists of all four darts being tossed at the target ring. The players stand together at the opposite end of the pool from the target ring with all four darts. The youngest player starts by throwing a dart toward the target ring using an underhand toss. Play alternates between the two players or teams until all four darts have been thrown.

Scoring:

Quick Play Scoring:

After all four darts are thrown, score one point for each one that lands inside the ring. Because the ring floats and the darts bob up and down, it's possible a dart can land inside the ring, bob under the surface and exit the ring. If this happens, it still counts as one point.

Winner:

The first player or team to score 10 points wins.

Tournament Scoring:

A player or team must score exactly 21 points to win. Count three points if a dart lands and remains in the ring. Count one point if a dart does not land and remain in the ring, but touches the outside of the ring on approach, or lands in the ring and bobs out of it. If a player or

team exceeds 21 points for the round, the score for that round is deducted, not added. Play continues until exactly 21 points are scored.

Winner:

The first player or team to score exactly 21 points wins.

Storage:

When play is finished, store everything in the included mesh bag.

Safe Play Guidelines:

Jarts Splash can be played outside safely. Be aware of your play area. Never throw darts at people or pets, and make sure the play area is clear before you throw. Do not throw the darts straight-up, over-hand or sidearm. Never throw broken or damaged darts - discard immediately. Do not throw darts on hard or paved surfaces. Take extra caution on windy days as the darts flight path may be unpredictable. Safe play means fun for everyone!
